Expertise at a glance

I am a Certified Solution-Focused Coach and a Certified Image Professional, specialising in leadership presence, business etiquette and emotional intelligence. With over 20 years of experience in the corporate world and as an executive coach and facilitator, I help many Asian leaders strengthen their gravitas for greater impact and gain an advantage in business/career prospects. I work with them in assessing their individual strengths, emotional intelligence and identifying performance opportunities to achieve leadership effectiveness and team goals. They say that I have an innate ability to connect and enhance clients' self-awareness. I have been fortunate to live and work in many countries, including Hong Kong, Vietnam, Indonesia, Malaysia, Philippines, China and the United States and therefore I have accumulated a wealth of experience from all over the world.

My Resource Values are Empower, Empathy, Responsibility

Professionally I put my heart into helping mid-level managers become more effective using inside and out strategies

I have seen that leadership presence can be the key differentiator

Three words that my clients often use to describe me are professional, effective, personable
